OF ARMISTICE DAY

MESA, Nov. 9.—The Roosevelt council of the Boy Scouts of America was formed in Mesa Tuesday night at a meeting of executive committee members representing the Phoenix council and the Apache council. The new council was formed and named in honor of the late Theodore Roosevelt by combining the two present councils into one organization to represent all of Maricopa county.

The joint meeting of the executives was held to hear the report of the organization committee appointed at a previous meeting. The report was accepted and the new council was formed with District No. 1 representing the former Phoenix council and District No. 2 embracing all of the territory on the southside formerly covered by the Apache council.

Fifteen members from District 1 and 10 members from District No. 2, together with one representative from each troop in the Roosevelt council will comprise the executive committee of the new council. Murray Hill will continue as Scout executive for the organization, having under him assistants in various districts.

Attending the meeting Tuesday night were Dr. John Dennett, J. D. Loper, H. P. Allen, Bishop Price and H. B. Wilkinson, representing the Phoenix council; Rev. Francis Bloy, George A. Johnson and Alma M. Davis of Mesa and J. S. Allen of Gilbert.

Plans were adopted to commence the series next week, playing on Tuesday nights in the high school auditorium. The league will be held on Tuesday and Thursday nights. Twenty-five dollars of this will be devoted to Boy Scout work, it was decided Tuesday night, while the remainder will be retained to commence the next season with.

Battery Equipment for Parade
The hopes of members of the Phoenix B. that their B. and other rolling stock equipment would be on hand in time for the Armistice day parade were realized Wednesday when four carloads of the equipment came in over the Arizona Eastern railroad. The officers plan to have the guns and wagons on the parade and to have them in readiness for the Friday parade. Battery B will appear as one of the features of the parade. The Indian school band will head the column, with the American legion float and legionnaires in uniform following. Battery B, Boy Scouts, high school cadets and other military organizations will also be in line. The parade will start at 1:30, concluding in time for the football game and card of sports at the high school field.

Proclamation by Mayor
TEMPE, Nov. 9.—Armistice day, Nov. 11, the day on which the great World war ended, has already been proclaimed a national holiday by the president of the United States of America, and also by the governors of the various states of our national union.

By these proclamations the people of our common country have been called upon to cease from their daily pursuits and occupations on that day, for the purpose of devoting their time and attention to the consideration of the causes and results of that international conflict and the principles that inspired and guided our soldiers and fellow citizens in choosing and pursuing their course in that war.

It is altogether fitting and proper that we should do this, seeing that unto us is given the privilege of cherishing and perpetuating the principles that inspired and guided our soldiers and fellow citizens in choosing and pursuing their course in that war.

To this end, as mayor of the town of Tempe, I heartily join in the celebrating of Armistice day and recommend that all persons residing in Tempe observe Nov. 11 in a way and manner conforming to genuine Americanism.
Done at Tempe, this Nov. 9, 1921.
(Signed) C. M. WOODWARD, Mayor.

NOTES FROM CLASS AND CAMPUS
OF PHOENIX UNION HIGH SCHOOL

There will be a boys' assembly during the military period today to boost the parade to be held this evening at 7. Several cars with a welcome committee will go to the train this morning to escort the El Paso boys to the high school. The fellows will see that the El Paso team is given a good welcome on its first appearance in Phoenix.

There will be a rigid inspection on Friday. The cadets should see that their uniforms are absolutely clean and every part up to the regulations. No cases will be allowed in the parade unless properly clothed, and any cadet failing to qualify for the parade on Armistice day for any reason whatsoever, except sickness, will be turned over to the depot company for discipline. The commanding officer of the first battalion has recommended that any such punishment will not only be severe, but also made public and classed as conduct unbecoming a gentleman and a cadet.

Classmates will meet at 9 o'clock as usual on Friday. The students are held strictly to attendance. They will be dismissed just in time for the Industrial parade, which will start promptly at 10 o'clock.

Miss Hurley has asked that every girl be at the high school in her assigned place at 6:45 Friday evening. There is an extra plea for transportation for the girls that evening. Any girl who can furnish a car and has not reported it to Miss Hurley should do so today.

All cadet officers and sergeants must report for officers' school today at 8 o'clock. Preparations and plans for the two parades will be worked out and it is important that all should be present.

The grand fiesta will be held on Thursday night in conjunction with the high school grand rally, put on by the industrial parade committee. The entire valley will turn out with the high school boys and girls to make it one grand night, the biggest night Phoenix has ever seen. There will be several prizes given for the most unique costume, boy and girl, or vehicle, all three.

The football team finished its practice last night full of pep and is ready for the battle tomorrow.

Classmates will make its appearance today noon, as Friday is a holiday. Everybody bring their tickets.

Market News
Live Stock

[Republican A. P. Leased Wire]
NEW YORK, Nov. 9.—Large buying orders from speculative sources came into the stock market over the election day recess and prices of various popular issues, especially oil, steel and kindred shares, were substantially enhanced.

The broad demand for oils was materially assisted by more advances for the crude products in almost all parts of the country. In the case of Mexican Petroleum, however, which was the market at net gain of 7 1/2 points, the movement was based mainly on technical conditions, shorts paying heavy tolls. Ralls, steel and like issues drifted aimlessly but came briskly forward into the last half of the session. Purchases of those stocks were accompanied by the weekly surveys of trust authorities, which emphasized the more hopeful feeling in that industry.

Shares of concerns which may reasonably hope to benefit by increased holiday business, such as department stores, also strengthened, but tobacco and several more obscure specialties were heavy or irregular. Lenders were unimpressed by the rise of call money from 5 1/2 to 6 per cent in the final hour, many closing prices being at or near the day's top. Sales, \$65,000 shares. Cable stating that Germany is preparing to meet her next reparations payment, accounted for the moderate rally in marks. Sterling was firm but remittance to most of the other allied countries were moderately lower on small trading. Danish bills were very heavy and Far Eastern quotations continued to ease.

Liberty and most other active bonds were irregular on other profits taking, the international group also showing no marked trend. Total sales, par value, \$15,675,000.

CHICAGO BOARD
CHICAGO, Nov. 9.—Wheat displayed fresh strength today, all points showing a gain of 1 1/2 to 2 1/2 cents. The market closed strong, 1 1/2 to 2 1/2 cents higher, with December \$1.05 1/2, to \$1.06 1/2, and May \$1.11 1/2 to \$1.12 1/2. Corn gained 1/2 to 3/4 cent and oats 1/4 to 1/2 cent. Provisions were unchanged to 50 cents lower.

It was with little effect that bears in wheat tried to explain away the evident curtailment of receipts. One assertion was that the falling off in receipts was due to the coming drop in freight rates, shipowners being backed to take advantage of the new rates. It was said also that had condition of country roads had been more or less responsible. The fact remained, however, that primary receipts were smaller than a year ago and that the total receipts for the primary receipts this week might not exceed 6,000,000 bushels as against recent totals of 9,000,000 to 10,000,000. Notice that no moisture from Kansas, Oklahoma or Texas, despite rain and snow elsewhere, counted as an additional bullish factor. Such setbacks as took place in values proved transient and appeared to be due chiefly to profit taking.

Corn and oats sympathized a little with wheat, but held within narrow limits, traders doing little while awaiting the government report. Government figures about as had been generally expected.

Upturn in hogs and possibilities of labor troubles at the stock yards helped give only temporary firmness to provisions. Toward the last quotations had a downward slant because of absence of demand.
